

Syncing a Mega Transmitter to a Trackporter®

1. Start with both Trackporter and transmitter powered “OFF”.

“Off” Position

2. Press and hold the POWER Button until “TEACH MODE” “PUSH AUX TO SEL” is displayed on the transmitter screen (Roughly 10 seconds).

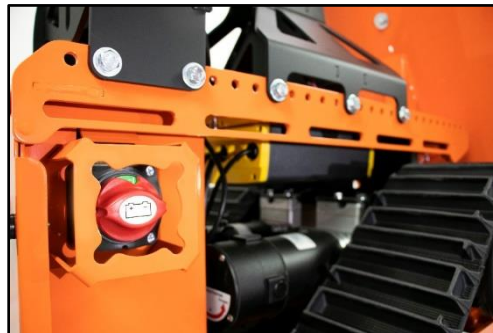

3. Press the AUX button to select teach mode. “TEACH MODE: TURN ON RECEIVER” will be displayed on the transmitter.

4. Turn the main power switch to the ON position – “TEACH MODE: TEACH COMPLETE” will be

“On” Position

displayed momentarily on the transmitter.

5. “EXIT PUSH AUX TO SEL” will be displayed on the transmitter. Press AUX to exit and the transmitter is now synced to the Trackporter®.
